

Interstate Medical Licensure Compact

April 1, 2020

For Immediate Release

The Interstate Medical Licensure Compact Commission (IMLCC) is pleased to announce that the IMLCC webpage – imlcc.org – has been re-designed with a scheduled launch date of Friday, April 3, 2020.

The new webpage will continue to be the primary launch platform for the physician to apply, renew, redesignate an SPL, and request additional licenses.

The new webpage is in the final design and implementation approval stages. Based on the current schedule, the only down time will be Thursday evening, April 2, 2020; however, should testing find concerns, the launch will be delayed until the concerns are resolved.

Congratulations to the IMLCC Communications Committee and Wanda Bowling, IMLCC IT Project Manager for this successful effort. The IMLCC would also like to thank our vendors who made this project work – Thrive Ideas, Inc., Paul Larson Communications, and Schedler Brennan Design & Consulting.

A grant from the Health Resources and Services Administration (HRSA) an agency of the U.S. Department of Health and Human Services provided funding for this project.

For more information contact Marschall Smith, Executive Director at imlccexecutivedirector@imlcc.net
