Good Afternoon,

Thank you for the opportunity to review and comment on the changes to Bylaws Article III.

I applaud and support the change to two-year terms. I assume the purpose of the staggered dates is for continuity. However, if, as could reasonably be expected, the vice chair moves into the role of chair, we will need to have elections for the vice chair every year, the normal election on even numbered years and an election to fill the empty role for one year, on odd numbered years. Therefore, I would recommend having the chair and vice chair elections in the same year and the election for treasurer in the off year.

Sincerely,

Timothy Terranova  
Assistant Executive Director
