Good Afternoon,

Thank you for the opportunity to review and comment on the changes to Chapter 3. I would recommend that section 3.5 (1), (2) and (3) be further amended to include the words “or renewal of licensure” after each instance of “expedited licensure”. For example:

An applicant who is qualified for expedited licensure **or renewal of licensure** through the Compact shall pay to the Interstate Commission a non-refundable licensure license fee for each expedited license **or renewal of licensure** issued through the Compact to the applicant by a member board.

Sincerely,

Timothy Terranova
